

# Resume - Software Developer Internship

✉ ossama.el-hadary@imt-atlantique.net      📍 15, rue Pitre Chevalier, 44000 NANTES

☎ 0661462258

🎓 Engineering student at IMT Atlantique, specializing in Collaborative Software and Web Development. I am seeking a 4-month internship starting in April 2026 in software or web development. Curious and creative by nature, I enjoy working collaboratively to grow and achieve common goals.

## Education

- 2024–2027    📖 **IMT Atlantique, Nantes – Graduate School of Engineering**  
Specialization in *Collaborative Software and Web Development*
- 2021–2024    📖 **Bachelor’s Degree in Fundamental Physics**, Faculty of Science and Technology, University of Lille

## Development Projects

- 📖 **Contribution to Oppia – Open-Source Educational Project**  
Participated in the development of new features and issue resolution on the online learning platform
- 📖 **Civipedia – Citizen-Oriented Search Engine with AI**  
Designed and developed a search engine for civic engagement, implementing artificial intelligence algorithms
- 📖 **Vinted-like Marketplace – Full-Stack Development**  
Built a marketplace platform featuring user authentication, listing management, and a responsive user interface

## Skills

- Development Environments:    📖 Java, Python, .NET/C
- Web Development:            📖 JavaScript, CSS, HTML
- Web Frameworks:            📖 React, Node.js, Flask
- Databases:                    📖 SQL, design and optimization of relational schemas
- Languages:                   📖 FR (native), AR (native), EN (C1 – IELTS 7.5), ZH (A2)
- Hobbies:                      📖 Drawing and climbing

## Parcours Professionnel

- 06/25 - 08/25    📖 **Logistics Assistant** at Saint Pierre Pharmacy, Brest (29200)  
Receiving and storing wholesale orders in the automated dispensing system.
- 01/25 - 05/25    📖 **Research Project in Fundamental Physics** at IMT Atlantique, Brest  
*“Near-field diffraction of spin waves for higher-order modes”*  
Supervised by Vincent Vlamincq, Research Professor at IMT
- 05/24 - 06/24    📖 **Internship** at PhLAM Laboratory, University of Lille, Villeneuve-d’Ascq  
*“Modeling of Bismuth-doped fiber amplifiers”*  
Supervised by Laurent Bigot, CNRS Researcher
